Webinar Instructions

Installing Polycom RealPresence Desktop

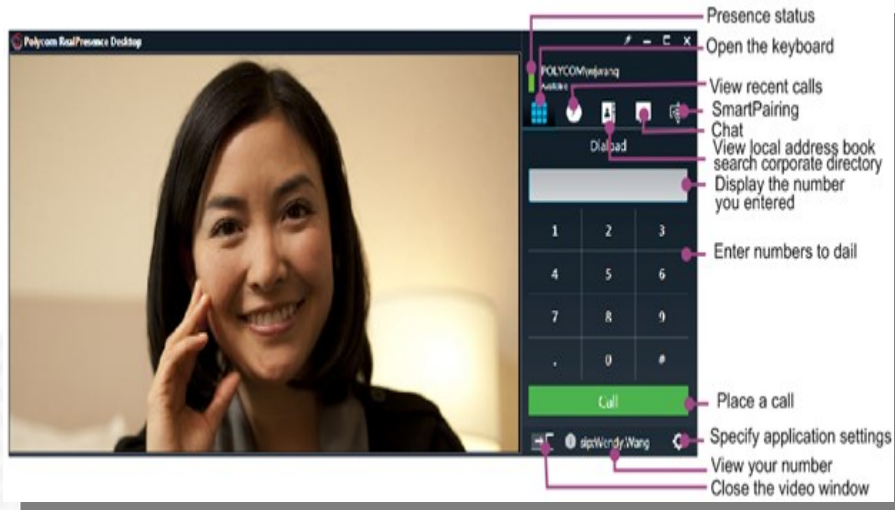

1. **Register.** Send your **full name, job title and brief specification of the device you will use** (eg, PC/Laptop/Tablet/Smartphone with Windows/Mac OS) to Ms. Kseniya Yarkova at wego.ulregion@mail.ru or wego.ulregion@gmail.com by **Tuesday, December 20th**. Shortly, you'll receive your personal user name and password.
2. **Install Software.** To join the meeting, download the software (Polycom RealPresence Desktop) at the link below and install it:

http://support.polycom.com/PolycomService/support/us/support/video/realpresence_desktop/realpresence_desktop.html

3. **Log in.** Start the program and choose «Enterprise» and enter your e-mail address. Enter server address as rpad.e-ul.ru, your personal user name and password issued earlier by the regional office.
4. **Join the Webinar.** Dial 888, then dial 0903# (webinar number). Upon joining the webinar, turn off your camera and microphone to prevent any noise interference and Internet traffic slow-down. The call to join the webinar is possible on the day of the webinar only.

5. **Ask a Question.** If you want to ask questions during Q&A at the end of each presentation, please **activate your microphone and/or web-camera** so that the presenter and other participants of the webinar can hear your question.

The webinar can be accessed on the day of the webinar so mark your calendars!
